# Air Freight

Shipping your freight with AIGL will keep goods moving at optimal speed and efficiency along the supply chain. We provide real-time, global tracking as part of our standard capabilities. Our global, door-to-door services include customs clearance and forwarding to interior points, as well as coordinating with our Network of Agents for on-forwarding cargo in the most cost efficient manner. Select AIGL, and you'll get fast, efficient international air freight delivery worldwide.

# Sea Freight

AIGL customers now have access to a logistics network second to none. AIGL Offer a Complete Suite of Services with our division you get complete professional service with our can do attitude. Our employees use the latest information technology & computer systems to manage your shipment through the delivery cycle.

AIGL covers a wide spectrum of intermodal ocean transport for time-definite, door-to-door delivery of goods to any point on the globe based on long-term contracts with reliable carriers offering customized pre- and on-carriage arrangements.

# Customer Brokerage & Clearance

AIGL Brokerage division is a full fledged well-trained staff and are competent in all local Regulations pertaining to most of the goods that are Imported and Exported to our countries of operation.

We are able to leverage our relationships in the trade and obtain the most timely, cost-efficient solutions in some of the most congested of Ports & CFS environments.

# Road Freight

Apollo Logistics Ground Transport(GT) is the vital link between the Freight and Brokerage products and aim to provide a cost and time efficient Door-to-Door service to the customer.

Whether it be through road or rail, our 'ex-works' product is meticulously managed via GPS systems to ensure your Cargo is delivered at the promised time.

# Multi Model Transportation

A combinations of various means of transportation is available to clients of the company AIGL. Combined transportation (for the same cargo) also known as Multi-Modal Transportation is proposed for delivery of your cargo door to door.

Your goods can be delivered by truck, Rail, ocean freight and Air freight according to your requirements. Using different types of transport allows building flexible and cost effective shipping routes and delivery to destinations that located far from ocean ports.

# Relocations

AGL offers relocation services with personal and business relocations. We make best use of our international network to assure you quality international relocation services.

You may require additional services in addition to the relocation itself. We can assist with other related tasks including packing and storage.

# Procurement Logistics

The AIGL offering services to large and small companies in India and provides complete solutions for procurement and logistic activities.

You can delegate us the activity of sourcing and procurement in India and we can make market search and make purchase of goods for your need and offer a range of ready-made solutions for logistics outsourcing.
